

Mandag den 10 maj fra 10 - 17 i Det Røde Pakhus på havnen i Hobro.

Mangler du materialer så ring 98511223, så tager jeg dem med .
Der vil være håndfarvet 18µ merinouuld kæmmet i bånd til salg.
(Anne Bak Markers)

3D FLORAL BELTS – 1 DAY ADVANCED FELTMAKERS' CLASS

In this workshop you will learn how to make an ornamental belt with 3-dimensional floral structures, which can also be a warming, decorative collar around your shoulders.

After laying out the complete background, additional layers are added which will be opened up later and let the floral design "grow" into the 3rd dimension. The felt is then fulled by rolling and details shaped by hand. Buttons, straps or other types of fastening could be designed for variable length and offer different possibilities in shape and functionality.

Material & equipment needed:

ca. 100g extra fine merino tops, mixed colors,
ca. 20x120 cm needle felt in the basic background color
(olive) soap, plastic bowl, ballbrause, tape measures, scissors, towels,
in case of emergency: felting needles
bamboo mat or rubber mat (min. 50x180cm) + a stick,
if using a bamboo mat, bring ca. 50x180 cm light polyester fabric,
(alternatively: use bubble wrap + a thin plastic + a stick, same size)
ca. 50x50cm mosquito-netting,
plastic (shopping bags) for separating the different layers
not necessary, but very useful: a rolling-pin for noodles

workshop held by Dagmar Binder (languages: German, **English**, Spanish)
